To Whom It May Concern:

I am writing on behalf of Marlys and Gary Johnson, who recently were the closing speakers at our first Idaho Blood Cancer Conference in April of this year in Boise, Idaho. I specifically contacted Marlys and Gary as I wanted to end our conference with a message of hope- and of dreams of life after, and beyond a cancer diagnosis.

Marlys and Gary gave an inspiring talk about what they've learned on their cancer journey from nutritional tips, to exercise, stress management and ultimately, finding purpose. They provided a dynamic, interactive presentation sprinkled with humor and hope. The feedback we received from participants (who ranged from patients and family members to healthcare professionals) was glowing.

I recommend both Marlys and Gary highly for their inspiring, informative and positive program and message. Please feel free to contact me for further information.

Sincerely,

Susan Alger, LCSW, R-DMT, Patient Services Manager, OSWIM Chapter-Eugene Branch
